BTMO Transportation Update

Submit your student's art to the 2025 Student Art Showcase

Image Source: BTMO

Explore art as a tool for environmental change and contribute your student's voice to the conversation about how your travel choices (biking, transit, walking, carpooling) impacts our community!

All Burbank students can submit a photo or file of a creation relating to sustainable transportation. **Bonus points if Burbank is highlighted!** Mediums must be able to be displayed on a virtual format; examples of submissions include drawings, collages, virtual art, comic strips, and poetry.

Art pieces must be submitted using the form by February 10th.

Get a discounted Metrolink Monthly Pass

Source: Metrolink

Metrolink will be offering a **25% discount on all Monthly Passes for January and February.**

After launching large service increases starting in October 2024, rail lines, particularly the San Bernardino Line, experienced delays and disruptions. To thank riders for their patience and to align with their quality service pledge, they are offering discounted Monthly Passes for the first two months of 2025.

Use the code “25OFF” to receive the discount while purchasing Monthly Passes.

How To Ditch Your Car: A Guide To Being Car-Free In Los Angeles

Image Source: LAist

Evan Jacoby | LAist

"Going car-free is L.A.'s greenest transit option, but that alone isn't always the strongest motivator. But it's also great for your wallet, and studies show there's psychological and economic benefits for people and cities.

If you're not ready to go all the way and ditch your car for good, that's OK! But maybe, as you and other Angelenos around you start weaving alternative modes of transit into your life, a less car congested city can become a reality for all of us."

A 450-Mile Journey to Find Burbank's Water Supply

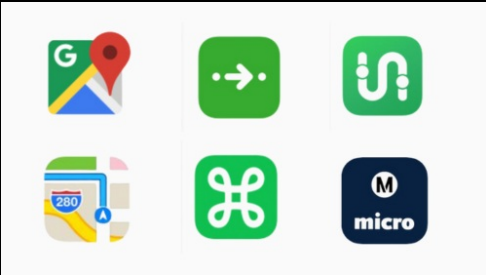

Image Source: Kelly M. Grow / California Department of Water Resources

Lynn Lipinski | My Burbank

"For Burbank, Lake Oroville represents a critical lifeline. Approximately 75-80% of the water delivered to Burbank residents originates from the State Water Project (SWP), which depends on Lake Oroville's storage. This water is spread, stored in groundwater basins, and blended with treated water from MWD to supply the city's needs. Without the SWP, Burbank would struggle to maintain its current water reliability."
